

## ROLL CLERK REPORT TO COUNCIL

The Baptismal, Membership and Funeral Rolls are being reviewed each week and new data entered as it becomes available.

In the last month I've been tackling trying to create single demographic data base which hopefully would be useful to FSA Staff, the various Visitation committees and personnel, Membership and Nurture for a future photo directory. This has proven to a large job in that currently data is stored in a wide variety of places and so culling through and synthesizing has given this old brain a little strain! I am hoping to complete the last stage this month which is to enter existing e-mail addresses.

I appreciate your patience with me.
